Immigrazione e inclusione in Toscana: bilancio, progetti, prospettive

Sala Pegaso, Palazzo Strozzi Sacratì, Piazza del Duomo 1O, Florence, 29 May 2025

with the PAPER

“Riflessioni a partire dal testo: From the ‘White Paper’ of the Tuscany Region to Replicable Best Practices”

The presentation will begin with a brief overview of the project “Global Social Work and Human Mobility: Comparative Studies on Local Government and Good Social Work Practices in the Euro-Mediterranean Region” (Global-ANSWER - H2020-MSCA-RISE-GA-872209), within which the publication *From the ‘White Paper’ of the Tuscany Region to Replicable Best Practices in the Reception of Persons in Need of International Protection* was produced.

This will be followed by an outline of key principles underlying the governance model promoted by the Tuscany Region in the field of migration policies, emerging from the analysis of Regional Law No. 29 of 2009 and the guidelines of the *White Paper* drafted by the Tuscany Region and ANCI Toscana in 2017. Based on these principles and strategic orientations, a number of projects and services implemented across the regional territory—aimed at immigrants in vulnerable conditions and recognized as best practices within the Global-ANSWER project—will be presented.

The final part will feature a presentation of further best practices identified in the project’s partner countries, thanks to the comparative approach adopted. These practices may offer useful insights for developing new interventions and services to be promoted in the context of integration and social protection policies for migrants in Tuscany, as well as throughout Italy.
